HAROLD E. JANES
WHITEWATER, WISCONSIN

GLADIOLUS OF DISTINCTION

1940

FOREWORD

This season it is again my privilege to be associated with Mr. Walter Krueger in the dissemination of his outstanding seedlings. Mr. Krueger's first release, MASTER MYRON, a commercial rich self red, was sold outright to Mr. J. H. Heberling and is offered solely by him this season. His second introduction, DIANE, was purchased outright by Mr. Elmer Gove and was offered jointly by Mr. Gove and myself last season. This season Mr. Krueger is offering his two new introductions, COONEY LASS and GEM. Stock of these two glads may be obtained either directly from Mr. Krueger or myself. Descriptions and prices are as follows.

COONEY LASS

No. 808—COONEY LASS. Parentage, Mildred Louise x Picardy. Class, Large Decorative. Color, a rosy pink of vibrant tone and shimmering character. The color is reminiscent of Maxwellton, though a lighter shade of rose pink. Health and propagation, good. Extreme reliability in the production of excellent spikes. Season, 80 days. Number of buds, 16, with 6 open. Floret size, 5 inches. Winnings: First, 3-spike seedling class, Wisconsin Glad Show, 1939; First, 1-spike new introductions, Wisconsin Glad Show, 1939. Priced as a unit:

**\$3.00 FOR ONE BULB, No. 4 OR LARGER, AND TWO No. 5 BULBS
BULBLETS—5 FOR \$1.00**

GEM

No. 50—GEM. Parentage, Apricot Glow x Coryphee. Class, Small Decorative. Color, pure pink with creamy throat (a creamy Coryphee). Five-year bloom test. Health and propagation, good, with no crooks. Season, 78 days. Number of buds, 18, with 5 open. Size of florets, 3½ inches. Very artistic, a true florists' glad. Winnings: First, 1-spike new introductions, Wisconsin Glad Show, 1939. Priced as a unit:

**SIX BULBS, No. 4 OR LARGER, FOR \$3.00 — TWELVE BULBS FOR \$5.00
BULBLETS—5 FOR \$1.00**

DIANE

DIANE bloomed for the first time last season in my own garden, and once again I have no hesitancy in stating that I consider this orange colored glad one of the finest to be introduced since Picardy. I believe fans and commercial growers alike will make no mistake in stocking this variety heavily this season. It propagates like both of its famous parents, Betty Nuthall and Picardy. New 1940 prices are as follows:

**LARGE \$3.00, TEN FOR \$24.00 — MEDIUM \$2.00, TEN FOR \$16.00
SMALL \$1.25, TEN FOR \$10.00 — BULBLETS 25c, TEN FOR \$2.00
BULBLETS WHOLESALE—\$16.00 PER 100**

PEARSON'S INTRODUCTIONS

I also wish to call attention to the three seedling glads which I am listing for Mr. W. L. Pearson of Keysville, Va. Mr. Pearson's seedlings have been introduced with little publicity, and while I have not as yet grown them, I have unbiased information to the effect that they are all first class and that his SHENANDOAH is the finest of all smokies. Prices and descriptions are as follows:

SHENANDOAH, smoky.....	L \$2.00	M \$1.50	S \$1.00	Bulblets 8 for \$1.00
LADY ASTOR, salmon to orange..	L 1.00	M .75	S .50	Bulblets 15 for 1.00
ROBT. E. LEE, pink, penciled thr't	L 1.00	M .75	S .50	Bulblets 15 for 1.00
